Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Tuesday 09 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry day before turning unsettled later this evening.

Today:
A largely dry day with the best of any sunshine in the morning. Cloud will then start to thicken from the west in the afternoon with winds strengthening. Maximum temperature 11 deg C (52 deg F).

Tonight:
Turning unsettled this evening as a band of rain moves across the region by late evening and overnight. Rain will be heavy at times with strong winds and coastal gales. Minimum temperature 5 deg C (41 deg F).

Wednesday:
A wet and windy day with persistent rain, heavy at times and strong winds. Winds will continue to strengthen with the risk of severe coastal gales and inland gales overnight. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Frequent heavy blustery showers throughout this period with the risk of hail at times. Strong winds throughout with gales likely, perhaps severe near coasts.
